ABOUT TEDx

In the spirit of ideas worth spreading, TEDx is a program of local, self-organized events that bring people together to share a TED-like experience. At a TEDx event, TED Talks video and live speakers combine to spark deep discussion and connection.

These local, self-organized events are branded TEDx, where x = independently organized TED event. The TED Conference provides general guidance for the TEDx program, but individual TEDx events are self-organized.

VENUE

Lincoln Center - Walter Reade
Theater

165 W 65th Street

New York, New York, 10023

United States

This year's theme invites our community and the world watching to examine the world around us and RE—focus. It demands that we pause and reflect in a time of rapid advancement and disruption to ask ourselves, "what is the true purpose?" What is the future we envision and are we on the right path to get there? If not, we must RE—vision and try something new.

This year, our speakers bring us down these meaningful paths that they have blazed to imagine the world. Together, let's collectively reflect and ask ourselves:

Is now the time for the transformative and positive manifestation of change?
